

Notice de montage - Set up instructions

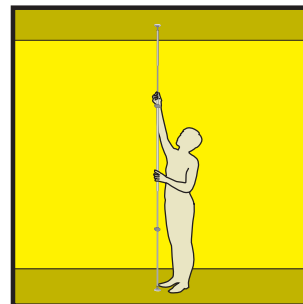

Montage du visuel / Mounting the graphic panel

**Montage de la structure /  
Set up instructions of the display system**

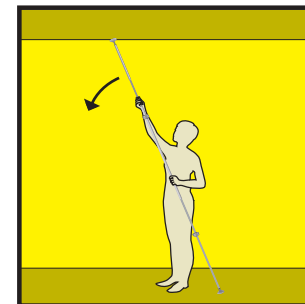

Pour régler la hauteur du mât, le mettre en place du sol au plafond sans exercer de pression sur le ressort.

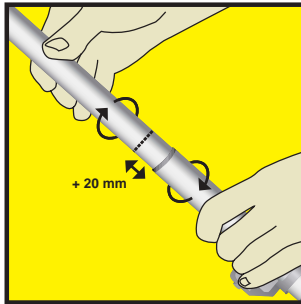

To determine the correct height of the mast, position it upright between the floor (or base) and the ceiling without activating the spring.

Couchez le mât.

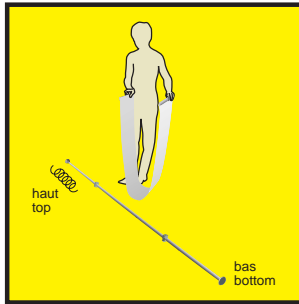

Lower the mast.

Rajouter 20 mm à la hauteur sol/plafond obtenue précédemment.

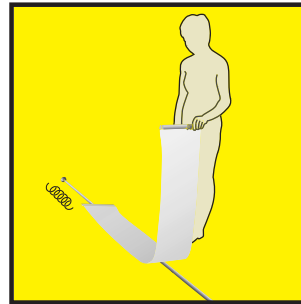

Extend the mast by 20 mm compared to the previously determined height.

Attention : le ressort inséré dans le mât est situé en partie haute.

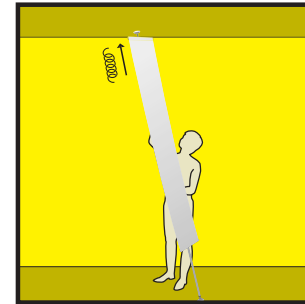

Important : the spring mechanism inside the mast must be at the upper end of the mast.

Installer le (ou les) visuel(s) sur les bagues supports de réglettes.

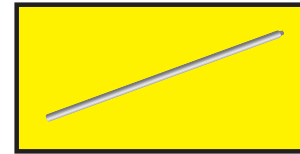

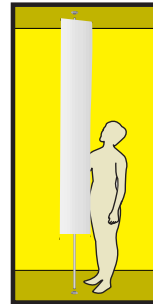

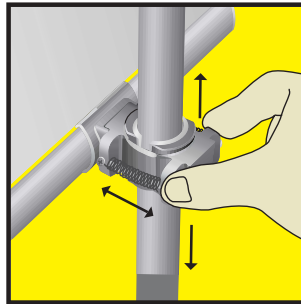

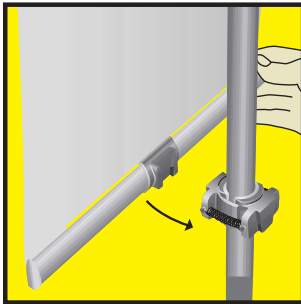

Attach the graphic panel(s) to the trim holder grips.

Exercer une pression sur le ressort pour installer la structure.

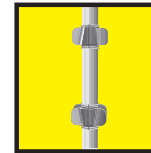

Activate the spring to lodge the mast correctly in place.

Pour un mât plus haut,  
visser une extension  
de 70 cm.

For a taller mast, add  
a 70 cm extension.

Pour ajouter un visuel, glisser  
de nouvelles bagues support  
de réglettes sur la canne.

To add another graphic panel,  
affix another pair of trim holder  
grips.
